November 2026

OWNER: ME COMMS TEAM DEVELOPMENT

The month's job. Introduce Justice Outside's three grantmaking funds to new donors and funders, close out the Nature Gap 2.0 webinar series, and open the year-end campaign. Every channel repeats one idea, that the people closest to a problem hold the solutions.

1. Introduce

A newsletter article and a three-part blog series explain the funds.

2. Gather

The webinar puts funders and community leaders in the same conversation.

3. Equip

Board and staff get ready-to-send templates to share with their networks.

4. Ask

The year-end campaign opens once people know the work.

How I measure the month. New funder conversations booked. New LinkedIn connections for our leaders. Email opens and clicks (51% open rate this fall). Year-end gifts.

A sample built from my November 2026 plans at Justice Outside. Some items are simplified. Goals, donor details, and staff names are removed.
